

Welcome to Talega Prep's Athletes 1st Academy!

You are now officially enrolled in the Talega Preparatory Academy's Athletes 1st program.

Our official school year runs August 15th through May 15th. During that time, you may schedule days, holidays, and breaks to meet your personal schedules, but for recordkeeping purposes we will hold fast to those "official" dates. Online curriculum access ends on May 15th. Extensions are available at an additional cost.

Important School Info

1. If you purchased our **Premium Online Curriculum Package**, we will send you login directions in time for school startup. The courses will become active effective August 15th. Access will end on May 15th unless prior arrangements are made.

If you purchased our **Elite Academic Support Package**, your teacher will email the primary parent during the first week of school to schedule your sessions.

2. **NEW students, be sure you have officially withdrawn** from your previous school or district. You may do so by emailing or sending a letter to the school office or by calling. Most schools are closed for the summer, so you may have to wait until staff returns. **Gap Year families should also contact the local high school** to advise that your student will not be attending this year as you have enrolled in a private school. You may give them our contact information if they request it. The email address to contact us is admin@talegaprep.com and your new school is the Talega Preparatory Academy. You are in Talega Prep's A1A program.
3. **Please visit A1A's [Parent Resources](#) page now** and bookmark that page for easy access later. Your [Parent Portal](#) also provides quick access to help by clicking on the "**Resources**" tab.
4. **Services we handle through Parent Resources are:**
 - Enrollment Verification letters for sports participation
 - Online course changes or help with technical issues.
 - Progress Report or Transcript requests.
 - Private School Recommendations.
 - Withdrawal processing when your Gap year is complete.
 - And general homeschool questions or help.

5. **Families that reside in states outside of California or Florida** may have additional homeschool requirements specific to their state. Whenever possible, we alert you to your state's rules. If you are uncertain of your state's rules, please visit the [Homeschool Legal Defense Association Website here](#) and click on your state. HSLDA is the leading authority on homeschooling across the country. If you have questions, feel free to email me for assistance.

States outside of California or Florida may have athletic association rules that are stricter than the norm. Be sure to check with your high school athletic director to confirm that repeating a grade will not affect high school sports eligibility.

6. **We do not require work samples or teacher meetings** throughout the year. However, we encourage each family to maintain a portfolio of their student's work in a binder or file as a personal record. And we are always here to help you when you need us. Just send a message through our Parent Resources page, and we'll take care of you right away, usually within 24 business hours.
7. **At the end of the school year, you will submit your attendance and assessments/final grades to process your withdrawal through Parent Resources.** We will send you emails periodically throughout the year to remind you of important dates and the due dates for submitting attendance and grades. You may also check Parent Resources and your Parent Portal for announcements.
8. **If you are planning to attend a private school next year**, the application process begins as early as this October. Letters of Recommendation and Grade Reports may be requested through Parent Resources to begin the process. **If you will be attending a public high school next year**, watch for your local school's enrollment opening date so that you may register for the 2027-28 school year.

Feel free to send us a message through Parent Resources if you have any questions or need any help.

Thank you so much for your attention to these details. We are very happy to have you with us and are looking forward to a great year!
